6th Maria Ciaramella Memorial Workshop

12, 13 November 2026

background

The **Memorial Workshop Maria Ciaramella (MWWC)** is an annual event that has now reached the size of an International Congress, attracting such a vast and heterogeneous audience that it would otherwise have very rare opportunities for meeting and discussion. The Workshop is inspired by the figure of Maria Ciaramella and deliberately addressed to young students, doctoral students and postdocs who study and work in many research institutes of Campania, protagonists of the Oral Sessions as selected speakers and as presenters in the Poster Sessions. But the element that characterizes this Meeting is their involvement in the scientific organization: in fact, all those who have particularly distinguished themselves in the previous editions will be involved in the Scientific Committee (for the selection of the speakers) and in the moderation (*Chair*) of the Sessions of the Workshops.

Scientific reports and posters are the heart of the Meeting which thrives on the enthusiasm of those who are in the most fertile moment of their professional career, actively working to advance the frontiers of knowledge from the workbench of our laboratories. These are fundamental moments in the path of scientific and cultural maturation of the new generations, and this is meant to be one of the (few) opportunities for the most active and enthusiastic young people: getting to know each other and comparing themselves with expert researchers is an opportunity to emerge and establish new and fruitful collaborations, scientific sharing and knowledge of other realities.

The appreciation for the Memorial has grown more and more over the years, demonstrated by a constant increase in participants, both in a quantitative and qualitative sense of the contributions.

1st MWWC 2020

CNR (2 Institutes) + UNI-NA

2nd MWWC 2021

CNR (4 Institutes) + UNI-NA

3rd MWWC 2022

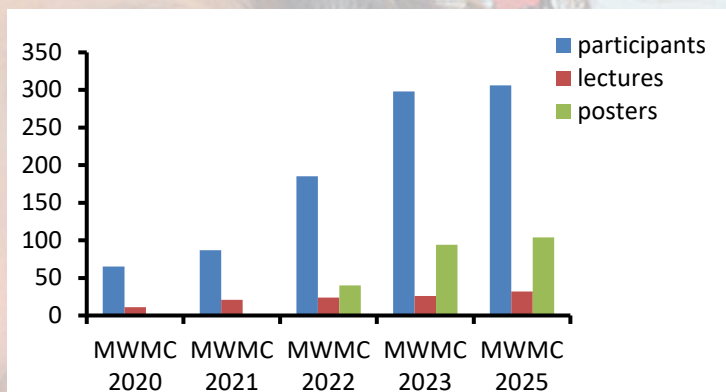

CNR (7 Institutes) + UNI-NA + UNI-Campania + SZN

4th MWWC 2023

CNR (11 Institutes) + UNI-NA + UNI-Campania + SZN + TIGEM

5th MWWC 2025

CNR (11 Institutes) + UNI-NA + UNI-Campania + SZN + TIGEM

topics

The **5th MWWC 2025** will include sessions on:

- **Biochemistry**
- **Genetic and Molecular Biology**
- **Biotechnology**
- **Microbiology**
- **Oncology**
- **Ecology**
- **Biophysics and Bioinformatics**

Oral and posters presentations of young researchers showing their most recent discoveries will be selected by a Scientific Committee from all the Institutes/Departments supporting this event.

6th Maria Ciaramella Memorial Workshop

12, 13 November 2026

sponsor opportunities

The Organizing Committee calls for sponsorship to support and assure the success of the **6th MPMC 2026**. Following the policy of previous meetings and to encourage attendance of young researchers, the registration is free. Organizations and Companies with activities in the field are invited to sponsor the organization of **6th MPMC 2026**.

Different levels of sponsorship are offered and have the following benefits:

Supporter
(500 €)

Collaborator
(1000 €)

Sponsor
(2000 €)

Use of the logo and name on materials, Program 2026, mariaciaramella.it web site and Advertising

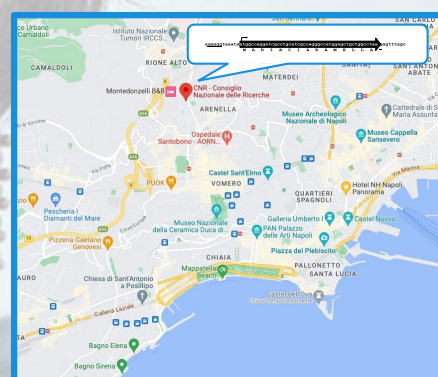

right to a station (single table) and to display a banner at the **6th MPMC 2026** venue

right to a station (double table)* and to display a banner at the **6th MPMC 2026** venue

* Please note that the station with a double table is guaranteed in the “mensa” area where all the coffee and lunch breaks, as well as poster sessions will take place

conference organization

The **6th MPMC 2026** is organized by the National Research Council of Italy and the University of Naples “Federico II”. The Congress venue will be the Research Area NA1 of the CNR –Conference Room, Via Pietro Castellino 111, Naples.
